INFORMATION DISCLOSURE STATEMENT

1. The information disclosure statement (IDS) filed September 24, 2007 fails to comply with 37 CFR 1.98(a)(1), which requires the following: (1) a list of all patents, publications, applications, or other information submitted for consideration by the Office; (2) U.S. patents and U.S. patent application publications listed in a section separately from citations of other documents; (3) the application number of the application in which the information disclosure statement is being submitted on each page of the list; (4) a column that provides a blank space next to each document to be considered, for the examiner's initials; and (5) a heading that clearly indicates that the list is an information disclosure statement. The information disclosure statement has been placed in the application file, but the information referred to therein has not been considered.

Applicant stated in the cover sheet of the IDS that a copy of Form PTO SB-08 was enclosed with the instant IDS. However, said Form has not been received.

2. The information disclosure statement filed September 24, 2007 fails to comply with 37 CFR 1.97(d) because it lacks a statement as specified in 37 CFR 1.97(e). It has been placed in the application file, but the information referred to therein has not been considered.

Applicant stated that the instant IDS was being filed during the pendency of the appeal brief. The Examiner respectfully submits that the IDS was filed after final Office action on May 9, 2006. Therefore, Applicant is required to submit a statement under 37 CFR 1.97(e) and the fee set forth in 37 CFR 1.17(p). See 37 CFR 1.97(d) and MPEP 609. In the instant case, Applicant did not submit the required statement under 37 CFR 1.97(e). As noted in the

Art Unit: 3682

Supplementary European Search Report, the date of the citation of the EPO was October 24, 2006, i.e., more than three months from the filing date of the above IDS.

**RESPONSE TO NOTIFICATION OF NONCOMPLIANT
APPEAL BRIEF (37 CFR 41.37) IN RELATED APPLICATION
ON APPEAL: US PATENT APPL. SER. NO. 10/727,306**

Applicant's response to the Notice of Noncompliant Appeal Brief in Application No. 10727306 is immaterial to the formalities of the appeal in this application. Hence, the Examiner respectfully submits that no comment is deemed necessary.
